

Criminal Records Bureau CRB

UK based teachers must provide an Enhanced Disclosure from the UK Criminal Records Bureau (CRB). If you are from overseas, this is in addition to the Police Check you would have provided from your original country of residence. Cost £36. Refundable after you have worked 36 days with LER.

The CRB Enhanced Disclosure is the most extensive Police Check you can get in the UK and is required by anyone working or caring for all minors and vulnerable adults. It enables us to ensure that the teachers we take on are suitable and have all the necessary clearances.

Teachers will be asked to update their Enhanced Disclosure if they have been out of teaching for a period of 3 months – not including the summer school break.

All information contained in the Disclosures will only be shared with people who must have access to them in the course of their duties and will not be open to any unauthorised person. Please be advised to present your Disclosure to all your teaching placements when asked.
